

In the right place at the right time

All Clean Services has just had its new fleet of Mercedes vans fitted with the latest satellite navigation systems. The implementation of this state of the art technology demonstrates All Clean Services commitment to innovation.

Operations director Paul Woods states "Satellite tracking coupled with our custom made computerised scheduling systems, ensures that we can guarantee that our window cleaners arrive at our customers premises on time, with the right equipment, every time" Paul continues "Customer satisfaction is paramount to All Clean Services and we believe that this is another example of the All Clean Advantage clearly defining us from the competition".

The new satellite navigation systems enable All Clean to monitor both fuel

costs and vehicle mileage – this results in the customer receiving a very high level of service

David Woods managing director adds "This investment in the latest technology demonstrates our commitment to ensuring that all of our customers receive the All Clean Advantage".
